DARSHANA PERERA

UI DESIGNER | FULL-STACK ENGINEER

28/A, Ihala Kudawewa, Kudawewa, Sri Lanka | ds.perera.1997@gmail.com | www.darshanaperera.online

A creative and detail-oriented UI/UX Designer and Full-Stack Engineer with 2.5+ years of industry experience at hSenid Mobile Solutions, specializing in frontend engineering, modern UI design, WordPress development, and mobile app development. Strong hands-on experience building scalable web dashboards, mobile applications, and custom digital solutions using React, Next.js, Flutter, and MERN stack. Freelances actively for SMEs, delivering high-quality landing pages, WordPress sites, and mobile apps.

CORE SKILLS

- Frontend : React.js, Next.js, Redux, Tailwind, Bootstrap
- UI/UX : Figma, Prototyping, User Flows, Wireframes
- Backend : Node.js, Express.js, REST APIs, MongoDB
- Mobile : Flutter, Firebase
- CMS : WordPress Development
- Other : SEO, Graphic Design, IoT & Arduino

PROFESSIONAL EXPERIENCE

- **hSenid Mobile Solution**   2022 Nov – 2025 OCT

  Key Responsibilities
    - Designed and developed UI for internal and client dashboards using React & Next.js.
    - Created mobile-friendly UI components and reusable Figma design systems.
    - Built and maintained landing pages with SEO optimization.
    - Collaborated with backend teams to integrate REST APIs.
    - Led a small frontend team during project deployments and sprint planning.
    - Improved UI performance and accessibility for multiple client applications.

  Key Achievements
    - Delivered 5+ production-ready dashboards.
    - Reduced UI development time by 30% by introducing reusable components.
    - Implemented modern UI systems used across teams.

PROJECTS

- **Data Collector App (MERN)**
  A CRUD-based data collection and management platform. Tech: React, Node.js, MongoDB, Express
- **Sprout Dashboard**
  A modern analytics dashboard designed in Figma and built with Next.js. Role: UI/UX + Frontend Development
- **Rush.lk**
  Designed the full UI/UX for a buffet reservation platform for appiGo.
- **MyDialog App Clone (Flutter)**
  A pixel-perfect mobile UI clone built with Flutter and Firebase integration
- **Freelance Work**
  MERN dashboards and custom APIs, WordPress sites for SMEs and creators, Flutter apps with real-time features

EDUCATION

- **Bachelor of Computer Science (2019 – 2023)**
- **ICT Technician – NVQ Level 4 (2017)**
